

Report on the Inauguration of the Physiology Club

Held on 14th February

Introduction

On 14th February, At Seifullin Hall the Physiology Club was officially inaugurated with the presence of a special chief guest, Kendrick White. The event marked the beginning of the club's activities, aiming to promote deeper engagement with physiological concepts among students.

Guest Professors & Faculty Members

The program was graced by distinguished guests:

1. Dinara Moldagalyeva – Director of Commercialization at Almau University
2. Dinara Maratovna – Head of the Physiology Department at KRMU
3. Ainur Ma'am - Head of Physiology Club
4. Yulia Mam – Vice Director for Strategic Development and International Affairs
5. Aisulu Mam – Vice director for academic and scientific affairs
6. Bary Asyl – Association Professor at CISM
7. Bibigul Mam – Physiology Professor at CISM
8. KENZHEEVA ZHANARA – Association Professor at CISM
9. Chairman of Physiology Club – Yogesh Kumar
10. Vice Chairman of Physiology Club - Dhirender Yadav
11. Secretary of Physiology Club - Sameer Ansari

Objective

The main objective of the Physiology Club was discussed, emphasizing its role in enhancing students' knowledge through interactive learning, discussions, and hands-on demonstrations. Ainur ma'am highlighted the importance of the club and the reasons behind its formation.

Action Plan

Inauguration & Speech: The program began with an introductory speech by Ankit Singh.

Chief Guest's Presentation: Ainur Ma'am welcomed the chief guest, Kendrick White, to give presentation and share valuable insights on physiology and its role in innovation.

Discussion on Club Objectives: Dhirender Yadav explained the purpose and future goals of the club.

Presentation on Reasoning: Yogesh Dhaka, Shivam Sharma and Jatin Chahal presented a PPT on Logical vs. Mechanical Reasoning, providing valuable insights into different thought processes.
Indian Food Experience: Chief guests and faculty members were given the opportunity to try Indian dishes made by students, adding a cultural exchange element to the event.
Planning & Future Activities: An outline of upcoming sessions, presentations, and research initiatives was discussed.

Operational Support & Attendance

Most Active Members: Anurag Sharma, Direndra Yadav, Aditya Choudhury, and Mohit actively participated and contributed to the discussions.

Technical Support: The computer operations were handled by Oves and Aditya, ensuring smooth presentation transitions.

Photography: Anurag Jangid and Abuzar were responsible for capturing the event through photos and videos.

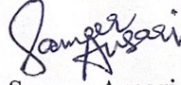

Absentees: Aman Shekhawat and Ayush Sharma were not present.

Latecomers: Abuzar Sheikh, Oves, Sufian and Prachi arrived late.

Conclusion

Since this was the club's first event, minor issues like attendance, punctuality, and engagement were observed. However, these can be improved through future meetings, discussions, and better coordination. Overall, the program was a successful start for the Physiology Club, setting a foundation for future activities.
